(International Education Quality Assurance System)

2026.3 ~ 2030.2.

Ministry of Education

Global KUMA!

President's Message

KOREA UNIVERSITY OF MEDIA ARTS

Korea University of Media Arts is boldly advancing toward cultivating 21st-century global talents who can confidently respond to the rapidly changing future society.

Thank you for visiting Korea University of Media Arts.

KUMA is Korea's only **specialized university in broadcasting and media arts**, continuously evolving and growing to nurture creative professionals with strong practical skills.

Based on an outstanding faculty of industry experts and Korea's largest production-complex campus, KUMA develops hands-on production techniques and AI-based media content creation capabilities that can be directly applied in real-world environments.

In step with the global era, we actively expand exchanges with leading universities worldwide and establish industry-academia partnerships with diverse companies, providing seamless employment opportunities for our students.

Korea University of Media Arts is a place where passion and talent shine—a stage where your potential becomes reality.

We are fully committed to helping talented students come together, grow into true professionals, and achieve their dreams.

We sincerely hope that your dreams at Korea University of Media Arts will become a new reality.

President of Korea University of Media Arts, Yoo Joo-hyun

KOREA
UNIVERSITY OF
MEDIA ARTS

 **Korea University of Media Arts**
is located in
SEJONG CITY,
the administrative center of the Republic of Korea.

Administrative Heart of Korea

→ 13 of 19 central government agencies are located here

Excellent Connectivity to Major Cities

→ Seoul 1.5h, Daejeon 20min, Busan 2h

Fully Planned New City

→ A modern city built as an administrative capital

Safe City with Excellent Security

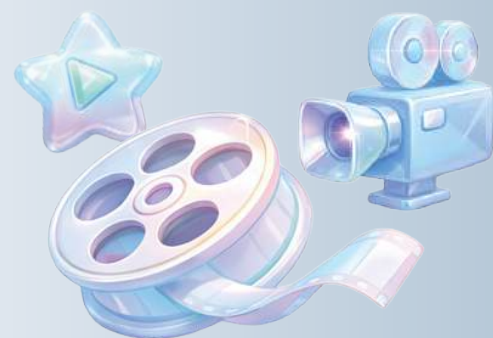

→ Lowest national crime rate(2024)

Media and Broadcasting Hub

→ Near major broadcasters and video production complexes

Korea University of Media Arts

Featured Works

Documentary Feature

Danggol

A modern reinterpretation of traditional Korean shamanism, released on TVING

Directed by Professor Hong Tae-seon, Dept. of FILM & MEDIA DIRECTING

- Through the use of the “Interrotron” technique, the film creates genuine dialogue and a deeply immersive cinematic experience.
- It won the Documentary Award at the Crownwood International Film Festival and was officially invited to international film festivals across nine countries, including the United States.

Feature-Length Film

Loop

Officially selected for the Competition Section at the 20th Beloit International Film Festival

Directed by Professor Gu Sang-beom of the Dept. of TV, FILM & EMERGING MEDIA

- A professional industry-academia collaborative project created by students and industry experts.
- Officially selected for the Competition Section of an FIAPF-accredited A-Class international film festival.

Web Drama

Bulk Up

The university’s first program released on an OTT platform

Co-directed and produced by Professor Kim Gi-yong, Dept. of DIRECTING & PRODUCING

- Korea’s first university-produced serialized web drama, collaboratively created by professors, students, graduates, and industry professionals.
- About 60 participants from five departments.
- Now streaming on multiple OTT platforms.

Feature Film

Afterimage

Selected for INDIEGROUND First Link, gaining recognition on Korea’s independent film distribution support platform.

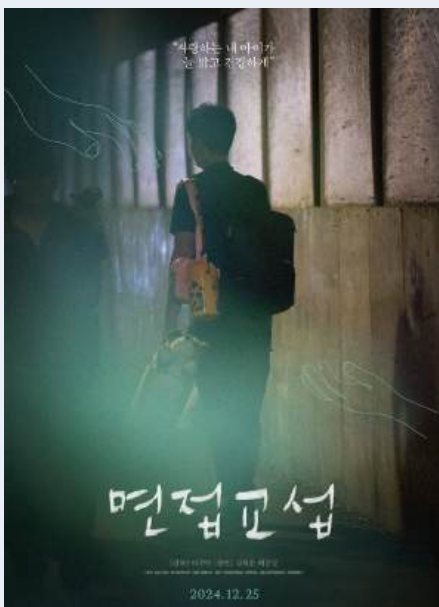

Director: Lee Sang-rok, Dept. of FILM PRODUCTION (B.A.)

- A student-led youth film project that successfully completed 24 shooting sessions, achieving high production quality through collaboration between students and industry professionals.
- Set for theatrical release in 2025, showcasing creative achievements through industry-academia collaboration.

Documentary Feature

Visitation Rights

Officially invited to and recognized at major international film festivals, including Sweden’s Stockholm City Film Festival.

Directed by Lee Ju-a, Dept. of FILM PRODUCTION (Bachelor’s Program)

- Officially invited to and honored at major international film festivals such as Sweden’s Stockholm City Film Festival, receiving acclaim for its artistic quality and strong social message.

Feature-Length Film

Romance

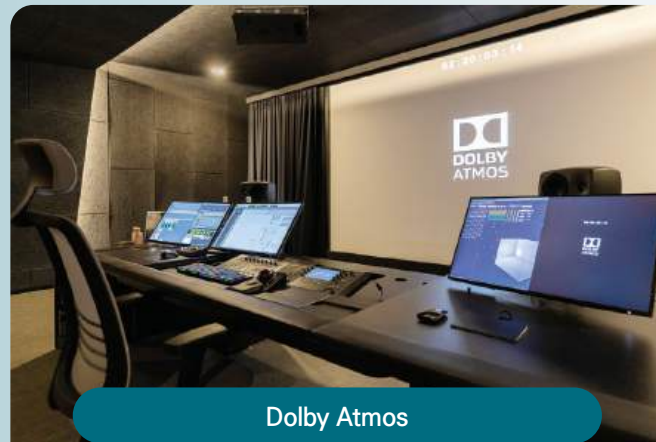

Winner of the Platinum Award in the Romantic Comedy Category at the 58th Houston International Film Festival

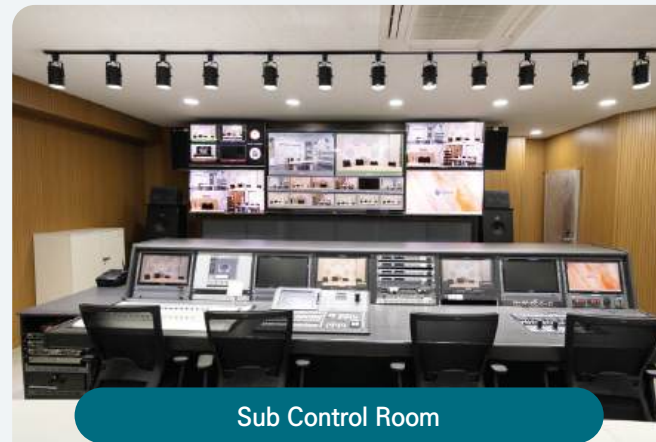

Director: Han Man-taek, Master’s Program in Professional Technology

- Engaging in the entire production process—from planning to directing—proving the strength of hands-on, practice-centered education.
- A globally competitive creative project founded on industry-academia collaboration.
